

University Learning Goals

Our mission and values provide the foundation for four University Learning Goals that all undergraduate and graduate degree programs are designed to support.

Christ-Centered. The Christ-centered theme highlights the centrality of the person and teachings of Jesus Christ to the Christian's life and education.

Exploratory. The exploratory theme affirms that all truth is God's truth, regardless of where it is found, opening all academic disciplines as avenues for the curious Christian scholar to explore.

Integrational. The integrational theme demonstrates the ways in which the pursuit of truth aligns faith, learning, and living into an integrated whole from which student can step into their callings.

Global. The global theme encourages students to connect with others personally, locally, and globally.
