

# THTR 441: Technical Theatre IV: Dramaturgy

Builds the skills and knowledge necessary for a dramaturgical analysis of plays for production. Includes close study of performance texts and source material with an emphasis on dramaturgical techniques and an overview of the history and theory of the dramaturg. Theatre majors and minors planning to attend graduate school or pursue directing are strongly encouraged to take this course.

**Credits:** 2

**Prerequisites:**

THTR 243, 327, 328, 340 or permission of the professor.

**Program:** Theatre
