

CHMA 461: Spirit-Empowered Leadership in the Church

Explores the biblical characteristics of the leader through examination of biblical examples of leadership from a biblical-theological approach. Attention given to leadership development, integrity, ethics, vision, Spirit-empowerment, servanthood, and mentoring. Exposure to current leadership trends, models, and methodologies in the church. Additionally, the course will provide information on the credentialing process for those seeking ministerial credentials with the Assemblies of God.
