

# MSS 905: Core 5 - Methods of Missiological Research

Introduces the approaches to research design and research methods employed in missiological research. The relationships among theological inquiry, socio-anthropological inquiry, and missions practice will be examined. Attention will be given to each of the major components of a major applied research project: problem, review of the literature, research methodology, findings and conclusions. Development of a research design, bibliography and database for missiological research will be emphasized
