

# PHYS 110: Foundation of Physics

Introduces college-level physics. Topics include the fundamental principles of motion, electricity and magnetism, work and energy, and wave motion and its relationship to sound and light.

**Credits:** 3

**Co-Requisites:**

PHYS 110 Laboratory.

**Program:** *Physics*

**Recommended:**

MATH 124 or higher, MATH ACT 20+, or B or higher in high school Algebra 2.
